SCIENCE & THE COMMON CORE

Thursday, June 6, 2013

8:30—3:00

Lincoln Center Campus

Grades 3-8

\$225. per participant

Come join Dr. John Craven, science education specialist in the Graduate School of Education, as he shares strategies for addressing the Common Core language demands (Analyzing, Explaining, Interpreting and Justifying with Evidence) using contextual applications in Science and Engineering. Using readily available materials and free Internet resources, teachers from grades 3 to 8 will participate in activities designed to support students' learning of science concepts by investigating natural phenomenon and generating/evaluating evidence-based arguments.

ACADEMIC SUCCESS FOR ENGLISH LEARNERS WITH SPECIAL NEEDS

Thursday, June 6, 2013

8:30—3:00

Lincoln Center Campus

Grades 3-12

\$225. per participant

Consider diverse perspectives in teaching English learners including those with disabilities. Dr. Diane Rodriguez Bilingual/TESOL Professor in the Graduate School of Education will re-conceptualize instructional methods in terms of Common Core with a focus on practical applications. Discussion and hands-on activities will provide multiple ways to enhance a culturally responsive environment. Enrich your work with diverse learners and improve cognitive, social, emotional, and physical outcomes of English learners.
