5. A box will appear requesting you to name the new playlist. Name the playlist by the topic or unit you are working on or searching videos for. Click **Add**
**For example, I want to create a playlist consisting of videos for a Life Cycle unit I am working on. I will name the playlist *Life Cycles* and only add videos related to that topic in this playlist.

6. To add more videos to this playlist, continue searching for videos related to the topic and click **Add to Playlist**.

7. The **Add Media to Playlist** box will appear. This will give you the option to add the video to an existing playlist or to create a new playlist on a new topic. Add the video to the existing playlist recently created by checking the box and clicking **Add**.
